

Cycling to School

We allow students the privilege of commuting to and from school on their bikes, this privilege is dependent on the following rules being adhered to:

- When arriving at school, students must dismount at the first gate in from the drive and walk their bike into school putting it in the bike shed straight away
- 2. Once their bike has been stowed in the shed it must remain there untouched until after 3.05pm
- At 3.15pm all students cycling home will be released, this delay is for Health and Safety reasons as it allows for the busy traffic to dissipate
- On Safety grounds we would also advise students cycling to wear a helmet and especially in the winter months, an item of high visibility clothing

of the Assessment

5. When cycling to and from school students should conduct themselves in a sensible manner being courteous to all other road users

FAILURE TO FOLLOW THESE RULES MEANS PARENTS WILL BE CONTACTED AND THE PRIVILIGE OF CYCLING TO SCHOOL REMOVED
