- Responsibilities – Community, Safeguarding, SEND and Inclusion

I have been a Governor at TQEA for 24 years, initially as a Parent Governor and currently as a Community Governor, my relationship with the school began when as a parent both my children were students here. I enjoyed the role and felt I wanted to continue to make a positive contribution to the school so I am still involved.

I have lived in the local area for 32 years and feel as a Governor I can contribute to the local community. I want to support the school to ensure the young people of our area have a school they rightly deserve and our community can be proud of.

In my professional life I have been a teacher in neighbouring schools for many years, specialising in SEND and retired from a Deputy Head role at a local Junior School. I am currently a SEND consultant and support SENCo's in Warwickshire which gives me the opportunity to devote time to my other interest including my governor's role together with enjoying my grandson and travelling.

I am passionate about education and believe I have relevant knowledge and experience to assist me in a governing role. Within the TQEA governing body I am currently the Chair having previously been the vice chair for many years. I have responsibility for Safeguarding, SEND and inclusion.

Over many years, I have seen the school go from strength to strength, I firmly believe it is now the strongest it has ever been and I am looking forward to further success which the students and highly committed staff at TQEA deserve.
