REVISION APPS

There are a number of revision tools that students can use to support them in the run up to the exams.

All students have logins to PiXL Maths, PiXL English Literature and Tassomai. Ask them to show you these Apps at home!

These APPs use a range of quizzing techniques and question styles to build knowledge, boost student confidence and reduce

AFTER SCHOOL REVISION

Year 11 students continue to attend revision after school in good numbers, demonstrating their desire to succeed. On occasions, we have had over 95 students in attendance after school. Staff continue to provide a variety of opportunities for our students, including quizzes and film showings. Year 11 revision runs every night after-school (apart from Tuesday) and year 11 should be seeing these sessions as an extension of the school day. The additional support and guidance they get from their subject teachers during this time is invaluable.

ELEVATE REVISION WORKSHOP

On Monday 20th November, all year 11 students were involved in a Study seminar, delivered by Elevate Education. The seminar was designed to answer the question 'what is study?' A number of techniques were explained such as using the subject syllabus as a checklist, colour coding notes, chunking information and ensuring that past papers are used as key revision tool, especially in the 3 weeks leading up to an exam. This information and the booklet provided should be used to guide students in their revision.

YEAR 11 DECEMBER MOCK EXAMS

The Mock Exams start for all year 11 students on Wednesday 6th December, all exams will be sat in the same format as they will be in the Summer. A link to the exam timetable can be found on the school website. Students will receive their mock exam results on the morning of Monday 15th January. These results will be given to students in the same format as they will receive them in August. Success in the Mock exams is a great springboard to success in the summer! Students should carefully consider the way in which they have revised and prepared for their mock exams so that they know what works for them when it comes to the real exams.
