

4th December 2017

Dear Parent/Guardian,

RE: Sports Science Alternative PE Kit

The PE Department are happy to offer all Sports Science students (BTEC and GCSE PE) the opportunity to purchase a separate PE kit to support their additional PE lessons.

Sports students have requested the option to purchase an Adidas kit, this is not a requirement from the school or PE department for students to have, but optional as a reward for the students endeavor; and acknowledgement of the increased PE lessons the students undertake. The costs include delivery, embroidery and initials. A link (both written and QR code) has been included below:

- <https://www.liyssport.co.uk/TQEA>

- this QR code will take you to the online TQEA student page for you to place an order.

To support students, parents and staff we have elected Liss Sport, a new company, who will process all the orders directly, so no money or order forms are needed to be transferred through the school. This also allows multiple ordering windows throughout the year to allow top up orders, or later orders, to be processed throughout the year.

In order to support the kit company with delivery and reduce costs, we have agreed to use ordering windows. You may order any item during the window timeframe and all items will be delivered to school at the end of that ordering window. We will look to have a number of ordering windows throughout the year but the first window is now open and will close on December 20th, with delivery to us during the week beginning 8th January 2018.

If you have any further questions about the optional kit please either contact myself or Liss Sport directly.

Yours sincerely

Miss K Wilson
Head of Physical Education
