

3rd June 2019

Dear Parent/ Guardians

The Queen Elizabeth Academy Summer Uniform

As we fast approach the end of the school year and as the weather starts to get warmer, we would like to take this opportunity to move to our optional summer uniform.

The summer uniform will consist of an optional short sleeved shirt for all students. The shirt must have a full collar and students will still be required to wear their ties. Summer uniform is introduced each year at the discretion of the Principal and will take effect for this year from the 3rd June 2019, long sleeved shirts should be worn by students at all other times, including the first day back in September.

Our uniform policy is very clear and states that students should have their blazers with them at all times. When it is warm, teachers will inform students that their blazers may be removed in the classroom. At break and lunch, outside the building, students are not required to wear their blazer, but on return to the building it should be worn.

If we get an abnormal spell of ‘above usual’ English summer temperatures, then we will communicate any further change to our normal summer uniform requirements to both you and our students.

Lastly, anticipating that many students will return to school with new shoes in September, please remember that all shoes must be completely black leather, with no obvious logos or air bubbles.

Yours sincerely

Mr D Watts
Principal
The Queen Elizabeth Academy
