- Responsibilities – Teaching and Learning

Tracy fell into 'children's education' by accident, when I set up a mother & toddler group in collaboration with North Warwickshire Community Education. I am currently a Learning Support Assistant (LSA) at a local primary school - which is also one of the main feeder schools of TQEA - where I have worked for 17 years with children aged 4 to 11 years. For the most part, I have supported children's learning in KS2, and my interest and strengths lie in Maths and PE.

I attended University of Warwick to gain a BA in both Childhood Development, and in Early Childhood Education. In my spare time, I am currently studying psychology.

I have three children who have all attended TQEA and achieved good GCSE grades enabling them to progress on to college to further their education.

I am actively involved with Wendy Morton Academy of Dance (WMA). I supports the Academy's Dance Principal at the annual dance show as part of the stage management team, and I am also a member of the Atherstone Dance Festival organising committee, affiliated with WMA, which is held at TQEA.

I see my role as Community Governor as being the eyes, ears and voice of the parents of TQEA students; representing the viewpoints and interests of parents, current and potential. My role as link governor for Teaching & Learning, sees me working collaboratively with members of the SLT and heads of departments, in ensuring progress and development are made in relation to the curriculum framework.
