

### Healthy lifestyles - what is a healthy lifestyle?

Good health isn't just the absence of disease or illness, it is a state of physical, social and mental wellbeing. This means getting enough exercise, eating a balanced diet, communicating with friends and family, relaxing and getting a good night's sleep.

Would you consider yourself to have a healthy lifestyle? Are you healthy?

### NHS Live Well

The NHS provide support through free, reliable advice and tips to help people make the best choices about their health and wellbeing. Some of the links most useful for helping us all make some simple, healthier choices are:

## Emotional and mental health

The upcoming return to school will have had an impact on many children and young people's emotions. Some will be excited to get back in the classroom, while others may be facing social anxiety, worries about catching COVID-19, concerns about exams or their futures, and a whole range of other thoughts and feelings. However your child is feeling, it's important they know that it's normal to have these feelings, and support is there for them. These websites and booklets can provide support for families with this change.

### For children

[When Things Change](#) - what to do and how to cope when things change.

[Feelings Activity Sheet](#) - a chance for children to write down or draw how they feel.
