Dear Parents and Carers,

Year 11 have been receiving their final mock examination results in the last few days. This has given our students an opportunity to assess their revision so far and where gaps in knowledge and skills exist, which need to be closed.

As part of our annual drive to support Year 11 students I am delighted to share our menu of revision sessions which take place over the Easter holiday. As you would expect the Easter period presents a final opportunity for students to have clear days of focused revision. Since it is a menu there are opportunities for students who work best at home and are in good routines to choose to go to sessions that they feel will be of most benefit. In other cases the structure of the programme provides a certainty of high level sessions, strongly focused on examination knowledge and technique.

On Thursday 30th March 2023 we are holding our Year 11 progress evening. It takes place from 3:30pm until 8:00pm and we hope that the later finish will enable more parents and carers to attend with their child. At this stage we will be advising on what your child needs to do to maximise the final weeks before the examinations start in May. We hope that the evening will provide some pause for reflection as well as providing an opportunity for students to hear positive comments and thoughts. It is really important that we all accentuate the positive efforts of Year 11 in the academy and at home.

Please note that the academy closes for the Easter break on Friday March 31st at 2:35pm as normal.

Have a great weekend.
