“We Can and We Will”

Principal's Welcome

Dear Parents and Carers.

I often speak of the cycle of education and the fact that we take our roles as custodians of your child's education very seriously. In short, they get one chance at getting this right and we are humbled by our parents' and carers faith in us.

On the one hand we had our transition coffee afternoon this week for new parents and carers of the incoming Year 7. As always there was a mixture of excitement and trepidation from parents and carers, which I fully understand as a parent of two children. However, I also wear the hat of a Principal who has seen thousands of children transition superbly into secondary school. It was great to meet those parents and carers and hear their thoughts and, hopefully, settle any questions that they may have. There are a range of transition activities happening this year and, to ensure that our new pupils get a fuller experience of their new academy, we are running two transition days this year.

With regard to the cycle of education we also bid farewell to Year 11. Their final assembly was an emotional event with video messages from former colleagues such as Mrs. Bott and Mrs. Woodberry and some laughter looking at old pictures of their time at TQEA. It is always poignant to welcome our new Year 7 as excited children and then witness them "growing wings" and being ready to fly into adulthood. The prevailing feeling as we say goodbye to Year 11 is that we are very proud of the people they have turned out to be and they are now ready for the next adventure in their journey. We look forward to sharing and celebrating their success on results' day on Thursday August 21st 2025.

Finally, we end this week with our enrichment days. We introduced this last year as a reward to our pupils for their support of their academy, their teachers and for their hard work. We felt that it was important for our pupils to have the opportunity to have some good recreational and cultural experiences as we approach the important final few weeks of the academic year. Each year group will be graduating in that time to their new year group. For our new Year 11 (Current Year 10) they have their graduation on Wednesday June 18th 2025 and this is followed swiftly by their mock examinations. For the new Year 10 (Current Year 9) this means that they are starting their GCSE studies in our "lift off" programme.

Finally, I will sign off for this week with the my final comments to Year 11: -

"Have a dream, live it and always be proud to say that you are from this community. As long as you can look yourself in the mirror and say you have done your best, no one can ask more than that'. We whole heartedly agree, now go and live your dreams and live a life well lived, Class of 2025.
